Pearl®

# The Driving Force.

Pearl enters the 80's with more choices of sound, bright new finishes, and the durability that has made it the leader of the industry. New rock-hard, cross laminated, 8-ply maple shells...either in a hi gloss polished finish, new back to basic Earthtone (TM), or covered...have been added to Pearl's now famous fiber-glass, phenolic, and 9-ply wood shells to offer you the most complete spectrum of sounds possible. And with Vari-Set (TM)...now the most copied innovation in hardware...you can virtually design your own custom outfit that stays the same set-up after set-up until you decide to change.

When you see anyone behind a set of Pearl Drums, you know it's because of that player's need to produce his own special sound. And it's on tour tested equipment that has earned its reputation for ruggedness and value. There are no other reasons more pros choose Pearl. Sound, durability, versatility, and believability...we've put it all together...for you.

# SETTING THE STANDARDS FOR THE INDUSTRY

**G SERIES**  
8-ply maple shells, cross laminated for superior strength, stained, sealed, lacquered, buffed, and highly polished to a mirror smooth surface.

**ET SERIES**  
The same maple shells are stained, sealed and finished to

allow the natural grain to stand out under multiple coats of clear lacquer. Also available wrapped in traditional or exciting new covering materials.

**W SERIES**  
9-ply wood shells, cross laminated for strength. Available in selected popular coverings.

**F SERIES**  
Layer on layer of fiberglass netting wrapped around a perfect round mold produces a seamless shell with a smooth inner surface. After air curing, the outer surface is lathed to a consistent thickness. The result is Pearl's famous alive sound with a brilliance and projection unequaled today.

Pearl International, Inc.

Spray booth with modern overhead conveyor system

**PH (VP) SERIES**  
The same perfect molds are used to produce the seamless shells used with Pearl's exclusive Vari-Pitch (TM) Drums. The phenolic impregnated ma-

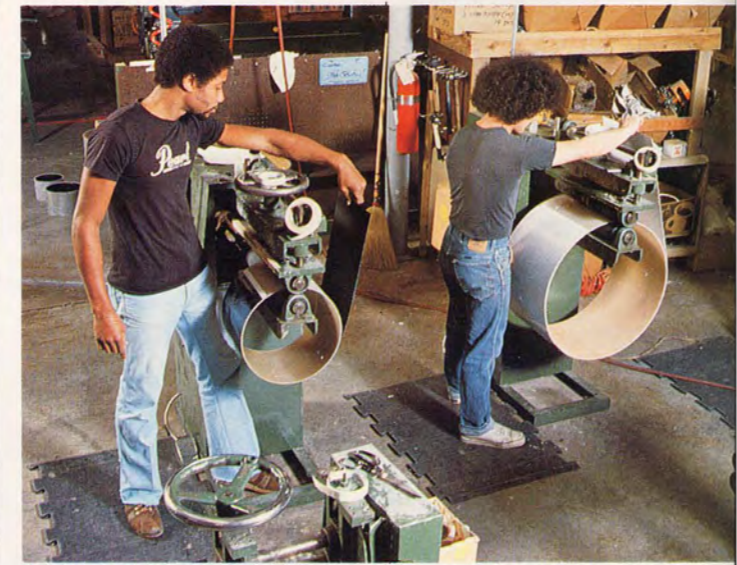

terial is heat cured to form the hard surface shell needed to complement the unique capabilities inherent in the patented Vari-Pitch System.

For the ultimate in sound potential, add Syncussion units to any sized outfit. Here, two complete units are illustrated with our standard five piece outfit.

Drum sizes may be substituted. See page 16-18 for additional information and available sizes of component drums.

## SYNCUSSION SYN-1

Pearl's versatile Syncussion produces all the sounds you hear in today's recorded music ... and more. Pre-sets plus tune, decay width, sweep, L.F.O. and sample/hold are featured, offering a most complete selection of synthesized sounds now available to percussionists. The unit is complete with two 8" drums on a 773 stand, control board on an adjustable N-1 stand, AC adaptor, coil cords and tough vinyl control board carry case. Illustrated here with optional mute pedal, tune pedal. Available in Pure White, Jet Black, or Pearl's new coverings. Complete descriptive brochure available on request.

# PEARL OUTFITS

Illustrated in Metallic Silver

Bass drums are equipped with 786N spurs and internal felt muffler strip. See page 20 for optional double tom holder descriptions.

**F series**  
Fiberglass shells, available in choice of Pearl covering. See back cover.

**G series**  
8-ply maple shell, hi gloss (buffed, highly polished) available in Maple, Walnut, or Rosewood Lacquer finish.

**ET series**  
8-ply maple shell, Earthtone(TM) lacquer finish, available in Maple, Walnut, or Rosewood stains ... or choice of Pearl covering.

**W series**  
9-ply wood shell available in selected Pearl coverings.

(1) Weather King coated heads standard.  
(2) Controlled sound heads standard (clear with black dot).

Due to the natural characteristics of wood it is not possible to guarantee that each stained drum shell will exactly match in shade of finish. Every care is taken in the selection of shells and application of stain to ensure the closest possible match but minor variations are bound to occur. Such variation in no way impairs performance or sound and, in fact, contributes to a uniqueness of the drum outfit.

# SNARE DRUMS

Pearl offers a unique choice of shell materials and sizes to produce any sound and compliment your style of music. Standard available sizes are 5x14, 6½x14, and the new 8x14. Shell materials include 8-ply maple either in the hi gloss "G" series, lacquered or covered "ET" Earthtone series, chrome plated steel shell, brass shell chrome plated, fiberglass shell in choice of covering, or maple/fiberglass lined shell (GA series), also in choice of covering material. Standard strainer is the die cast (S-015) "Gladstone" type throw off. Pearl's new parallel action strainer (S-017) is available on selected models. Optional die cast rims are available for both batter and snare side of 10 lug drums. (Add letters "DC" to model number for die cast rims.) Snare side rims for S-017 strainer feature a rugged gate guard to protect mechanism.

\*Earthtone available in either lacquered or covered.

Note:

Snare drum substitutions with outfits may be made.

Standard with "F" series outfits is B4514 or B4514L.

Standard with "G" series outfits is G314, G314L, or G814X.

Standard with "ET" series outfits is ET314, ET314L, or ET814X.

S-017 strainer standard only when indicated with outfit.

# VARI-PITCH CANNONS

## TOM TOMS

The sequence below illustrates the wide dynamic range and continuous symmetry of a single attack and subsequent decay of the sound produced by Pearl Vari-Pitch. Due to the symmetry and long decay time of a single attack, Vari-Pitch produces a readily discernible pitch whose quality more closely approximates that of other musical instruments.

Pearl's Vari-Pitch is the answer to the player's need to have the versatility of a Roto Tom with the depth and resonance of a conventional drum. For the first time a player can precisely select the balance between impact and resonance to create the sound needed. A few quick turns and the critical distance between head (generator) and shell (resonator) can be adjusted and locked into place with the exclusive drum stick receiver lock nut.

Once the balance between impact and resonance is selected and locked in, simply turn the head to the tension desired ... high pitch, low pitch, wet sound, dry sound ... or anything in between. It's all yours with Vari-Pitch.

## FLOOR TOMS

Vari-Pitch: Designed by a player for the player. Randy May, inventor of the innovative Vari-Pitch has been awarded three U.S. and seven foreign patents. Randy has been a Pearl artist since 1974 and is a part of the music scene in Los Angeles both teaching and recording. In addition he is the author of GAMUT, published by Chapel Music, New York, N.Y.

With a Vari-Pitch Snare Drum or Cannon, a different weight of batter head or even size of unit, will alter the response, sensitivity and feel of the Vari-Pitch Drum. With any combination of changes, one basic snare drum can produce the delicate or piercing crispness of a piccolo snare drum ... or the heaviest, funkier back-beat you'll ever need.

# THE VARI-SET<sup>TM</sup> SYSTEM

A system totally adaptable to the many different set-ups demanded by the modern drummer. It enables the player to use many combinations of tom-toms and cymbals to produce the wide range of sounds required today. The AX-3 adaptor is the key to the entire system, providing each drummer with an unlimited choice of set-ups.

**717T**  
Tom Tom holder designed for the professional drummer — permits multi-angle adjustment, while retaining total stability. Single screw tension ensures no slipping during use. Arm has two lock-stop memory clips for instant reset of individual tom-toms. Can also be combined with Vari-Set System for even greater flexibility. Illustrated tom plates.

**727T**  
A new standard double tom-tom holder. Capable of holding any Pearl Professional Tom-Tom as all pipe diameters are the same. Wide range of usage — The Vari-Set System can be used. The holder also features Pearl's own lock-stop memory clips. Illustrated tom plates.

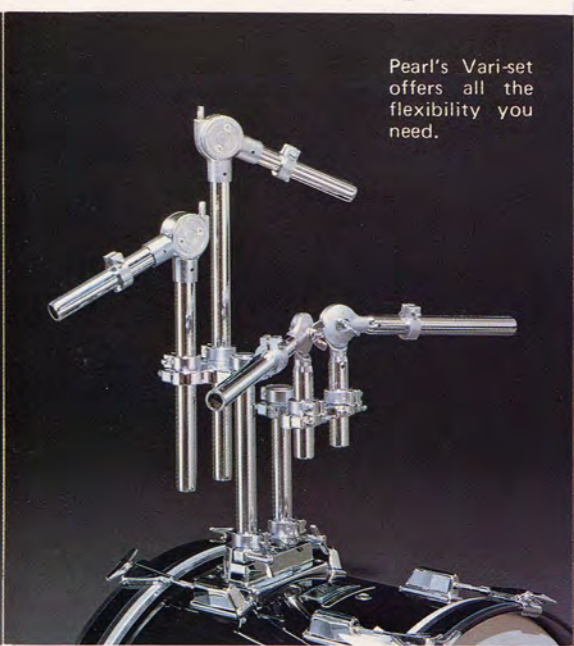

Combination of the 717 Tom Holder Arm and 725 Mini Boom on the 989 Double Tom Stand.

Combination of 717 Tom Holder Arms and 725 Mini Boom with AX-3 Adaptor on the 989 Double Tom Stand.

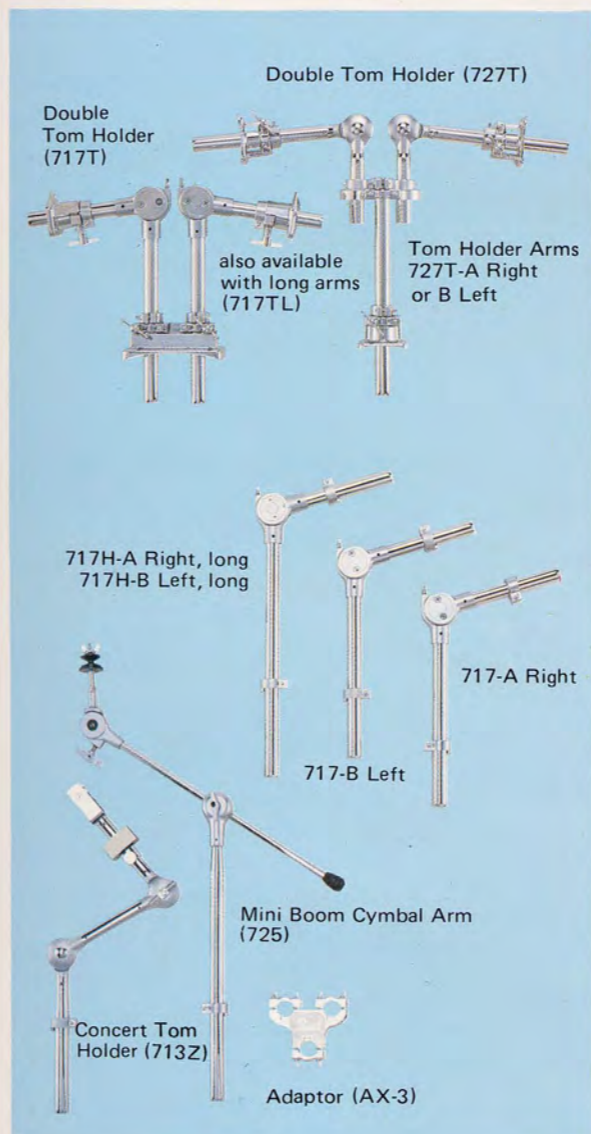

Triple Toms can be set by the AX-3 Adaptor.

Pearl's Vari-set offers all the flexibility you need.

The AX-3 Adaptor is the key to the entire system.

# HARDWARE

## DRUM PEDALS

910

**Model 910 Bass Drum Pedal** — An extremely sensitive yet durable pedal capable of adapting to any style of music. Unique compressed spring design is noiseless and fast. Tension can be adjusted even while playing. Instant and accessible locking mechanism holds pedal securely to Bass Drum. Case hardened steel shaft on beater, strap is nylon strip sandwiched between leather for strength and no stretch. Adjustable footboard with adjustable toe stop. Two built in spurs with rubber pad under heel plate prevents creep. Sandblast finish.

810S

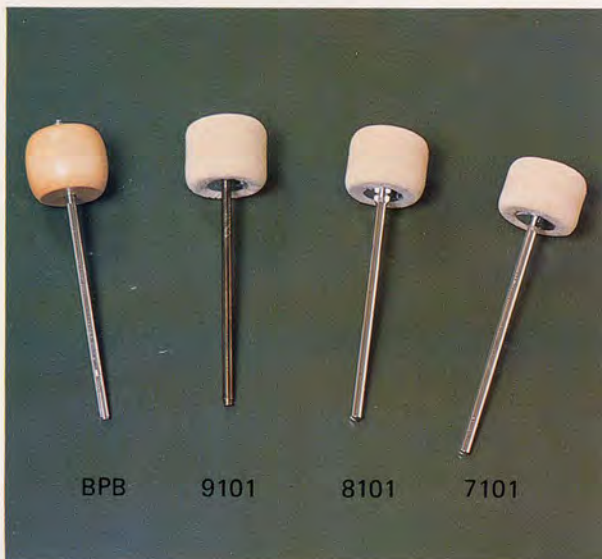

**Model 810S Bass Drum Pedal** — New sandblast finish, footboard design, spring assembly and hoop clamp locking mechanism. Action and stroke length adjustment easily accessible. Adjustable footboard and toe stop. All the player suggested improvements to Pearl's famous 810N pedal are incorporated in this newly designed all purpose, tour tested professional pedal.

710

**Model 710 Bass Drum Pedal** — Pearl's Deluxe double spring speed pedal features the same sandblast finish and new footboard design as models 910 and 810S.

## B/D BEATERS

BPB 9101 8101 7101

Model

**BPB** Large size wood ball beater. Shaft diameter 1/4".

**9101** Large size hard felt ball beater. Case hardened steel shaft. Shaft diameter 1/4".

**8101** Large size hard felt ball beater. Shaft diameter 9/32".

**7101** Medium size hard felt ball beater. Shaft diameter 1/4".

## B/D ANCHOR & H/H ATTACHMENT

721

820R

**Model 721**

Bass Drum Anchor. Reversible rubber tip/spur point prevents bass drum creep on any surface.

**Model 720R** Rim mount Hi Hat attachment for double bass drum players. Fits 800 Series Hi Hat stands.

**Model 820R** as above, only for 900 Series Hi Hat stands with larger tube diameter.

## HI-HAT STANDS

900

900D

800

805

**Model 900 Hi-Hat** — Top adjusting parallel springs for speed, multiple potential tension adjustment and durability. Extremely smooth and quiet action. Reversible spurs on legs offer sharp point or rubber tip to prevent stand from slipping on any surface. Vari-Set lock remembers preferred height. Heavy duty top pull rod with posi-grip clutch. Heavily chrome plated.

**Model 900D Hi-Hat** — For double Bass Drum players. All features as above only without legs. Use with 820R Bass Drum to Hi-Hat attachment.

**Model 800 Hi-Hat** — Newly designed incorporating sandblast finishing and unique adjustable internal spring. Built in adjustable spur prevents creeping. Nylon bushing inside telescopic section for no-slip, no-mar tension. Heavily chrome plated.

**Model 805 Deluxe Hi-Hat** — Direct pull, sturdy tripod base, built in spur to prevent creep, nylon bushing in height adjusting center section for positive grip, newly designed clutch and bottom cymbal cup with tilter. Heavily chrome plated.

Vari-Set lock gives positive hold and remembers your preferred height. (900 Series)

Reversible rubber tip/spur point assures stability on any surface. (900 Series)

### 900 SERIES

Pearl's SUPER PRO hardware is the result of player demand for rugged, tour-tough durability. Sand blasted die cast joints with matching Vari-set locks where needed are attractive and functional, holding tighter to let you concentrate on your playing. 900 Series hi hats, cymbal stands, boom stands, snare drum stands, tom tom stands and thrones are featured on the following pages.

### 800 SERIES

Setting the standard of the industry since its introduction,

Pearl's 800 Series PRO hardware is still the choice of more of today's leading players. Pearl was first to offer the innovation of nylon bushings to prevent slippage and protect the finish on all height adjustable tubing.

### 700 SERIES

Pearl's DELUXE pedals and stands offer durability and economy. Many of the features from Pearl's 900 Series and 800 Series have been incorporated to produce pedals and stands of exceptional value.

# HARDWARE

## CYMBAL STANDS

**Model 903D Cymbal Stand** — Double braced, wide spread legs offer excellent balance. Extra long sections for added height.

**Model 903 Cymbal Stand** — Same general specifications as above only with single braced legs.

**Model 803 Cymbal Stand** — Single braced legs, nylon bushings in height adjustment joints prevent slip and damage to tube.

**Model 703 Deluxe Cymbal Stand** — Positive locking height adjustment with nylon bushings will not slip. Multi position tilter. Heavily chrome plated.

### TILTER (900 Series)

Unique tilter mechanism prevents slipping. Newly designed 2 piece cymbal stabilizers also protect your cymbals.

903D 903 803 703

## SNARE DRUM STANDS

906 906D 806 706

**Model 906 Snare Drum Stand** — Fully adjustable to any angle. Single braced legs. Large casing nut on arm tension adjustment positively locks stand to drum. Double tension height adjustment clamp will not slip. Heavily chrome plated.

**Model 906D Snare Drum Stand** — Same general specifications as model 906, except with reverse cradle adaptation to go lower. Specifically designed for 8" and deeper snare drums.

**Model 806 Snare Drum Stand** — Fully adjustable with nylon bushing in telescopic section for no-mar, no-slip tension. Fully adjustable to any angle. Heavily chrome plate.

**Model 706 Deluxe Snare Drum Stand** — Fully adjustable to any angle. Single braced legs. Arm tension adjustment similar to 906. Heavily chrome plated.

## THRONES

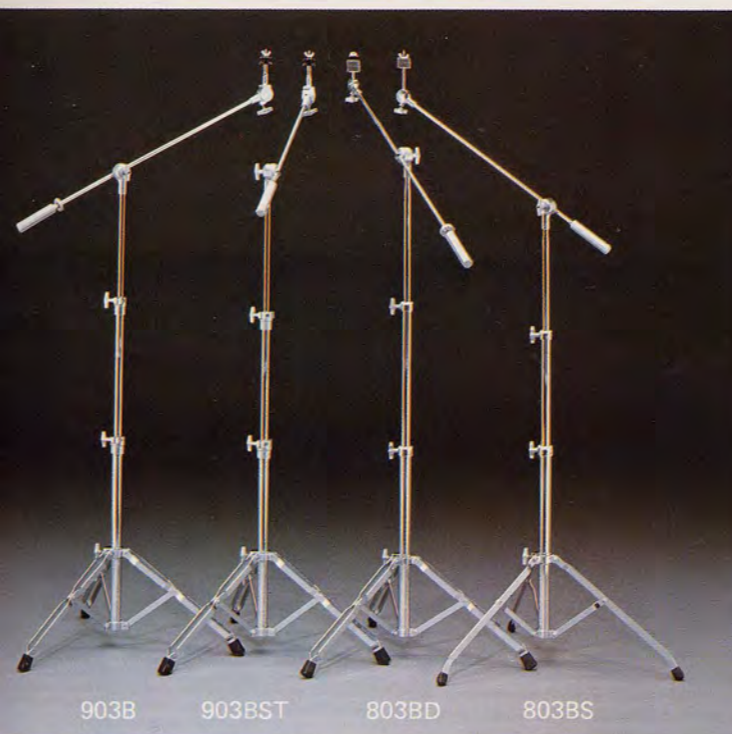

950 855B 750

**Model 950 Throne** — Widest double braced legs, Vari-Set lock system on height adjustment and thickly padded, fully supported seat for playing comfort. Heavily chrome plated.

**Model 855B Throne** — Fixed height (25") barrel shaped throne opens for extra storage space. 13" diameter thickly padded seat for comfort three clasps hold seat to base, strap handle to carry as a case. Specify color when ordering.

**Model 750 Throne** — Rocket type, easy and positive height adjustment. Folds compactly for easy storage. Heavily chrome plated.

## BOOM STANDS

903B 903BST 803BD 803BS

**Model 903B Boom Stand** — Sturdy, double braced legs, long boom arm with Vari-Set tilter and adjustable weight. Newly designed double tension height adjustment clamps will not slip. Heavily chrome plated.

**Model 903BST Short Boom Stand** — Same general specifications as 903B except boom arm is shorter and has a fixed weight.

**Model 803BD Boom Stand** — Double braced legs, long boom arm, nylon bushings in height adjustment joint prevent slip. Heavily chrome plated.

**Model 803BS Boom Stand** — Same general specifications as above, except with single braced legs.

## SYNCUSSION STANDS

773 N-1

**Model 773 Syncussion Double Drum Unit Stand** — Lighter, but similar in construction to model 813. Heavily chrome plated.

**Model N-1 Syncussion Control Board Stand** — As above, only adapted to attach to control board. Fully adjustable.

## DOUBLE TOM STANDS

989 988 913 813

**Model 989 Double Tom Tom Stand** — Sturdy double braced legs with Vari-Set lock system. Complete with Vari-Set adaptor and 717 style Tom Tom arms. Used with Tom Toms having BT-1 brackets mounted. Heavily chrome plated (see page 16).

**Model 988 Double Tom Tom Stand** — As above, except with single braced legs and 727 style Tom Tom arms.

**Model 913 Double Concert Tom Stand** — Sturdy double braced legs with Vari-Set lock system. Felt lined wood spacer protects finish of drums. Will not slip. Used with drums having clip type bracket mounted on them. Heavily chrome plated (see page 16).

**Model 813 Concert Tom Stand** — Sturdy double braced legs. Lock-through tube with nylon bushing prevents twist and slip. Felt lined wood spacer protects finish of drums. Ratchet design tilter. Used with drums having clip type brackets mounted heavily chrome plated (see page 16).

## CYMBAL EFFECT STAND

903E

**Model 903E Cymbal Stand** — Designed for up to four small cymbals used as sound effects. Channel in track allows the four furnished tilters to slide to adjust spacing. 5", 6", and 7" cymbals recommended. (cymbals not included.)

# HEADS

Pearl drum heads are a product of Remo, Inc. — world's largest manufacturer of quality percussion accessories. Made to the same exacting specifications as Remo's Weather King heads, Pearl offers the most popular sizes, weights and types used by more of today's leading players. A Pearl head will make any drummer sound better and there's a type to fit your own particular and distinctive sound requirements. Large familiar Pearl logo for front Bass Drum heads also available on reverse side for those players using only the back head. Specify when ordering.

**BLACK BEAT HEADS (TM)** by Pearl Add a new dimension to your appearance with Pearl manufactured, mirror finished black heads.

## PINSTRIPE

Doubly deep, doubly dark, doubly mellow! PinStripe drum heads produce the heavy, wet sound today's rock and jazz performers prefer. Two layers of selected Dupont Mylar are bonded at the collar to provide a controlled muffle.

## FIBERSKYN 2

FiberSkyn 2 heads are constructed of an entirely new synthetic material that produces a deeper, more mellow, more natural sound than any other plastic drum heads ever made. In many ways it approaches the appearance, "feel" and sound of high quality natural calfskin.

## CONTROLLED SOUND

The CS drum head gives you a controlled drum sound with less undesirable "over-

ring"! The secret is its Sound Center, a special reinforcement that dampens most of the overtones but lets the fundamental drum tone come through loud and clear.

## WEATHER KING

The "sound choice" for over two decades! Consistent sound and performance are the result of Remo's exclusive manufacturing techniques and quality control. Available in a choice of coated, smooth white, or transparent film.

## SOUNDMASTER (not illustrated)

Functional economy thru strong, weatherproof plastic with reinforced epoxy hoops. Fine sounding performance at surprising low cost.

## STICKS

The finest domestic select grained hickory obtainable is used to produce this selection of the more popular styles and sizes as used by most players. When ordering those models offered with nylon tips, add letter "N" to model number.

An ideal way to keep your store name in front of your drum stick customers every day! Your name or your store's name bracketed by the Pearl logo and model number. Imprints are limited to 23 characters.

To order Pearl custom personalized drum sticks include the letter CP in front of the model numbers listed. Minimum order is 100 pairs of the same model. Please specify exact spelling on personalized sticks and include a sample if possible.

## MALLETS

A selection of popular sizes to meet most playing requirements. Replacement balls are available for models 12, 13, and 14 on the Pearl mallets.

**TS12** Large all purpose model medium Spanish felt heads, good on Tom Tom, Tympani and Cymbals.

**RB12** Replacement Ball

**TS13** Professional model with small Spanish felt cartwheel head covered with hand sewn finest piano felt.

**RB13** Replacement Ball

**TS14** Professional model with large Spanish felt cartwheel head covered with hand sewn finest piano felt.

**RB14** Replacement Ball

**TS15** Conventional lambswool orlon covered heads, handmade.

## WOODBLOCKS

## COWBELLS

**Model 736** Bell Block combination. Woodblock, 6 1/2" black cowbell on rim mount holder.

**Model 712** Woodblock with rim mount holder

### TRAINING DRUMS

This is a practice set that gives you the same feeling as when playing on stage. From the basic set-up, it is possible to expand by adding Tom-Toms and even a second bass drum, so you can duplicate the setting you use in actual performance.

- TD-5 Complete Set, 5 pads, w/stand & Stable post w/Rubber mat
- SD-10 10" for Snare Drum or Floor-Tom w/stand
- BD-8 8" for Bass Drum w/Stable post & Rubber mat
- TT-8W 8" for Tom-Tom x 2, w/stand

# ROTO TOMS-PRACTICESETS-STANDS

## REMO ROTO-TOMS

### STANDS

Roto-Tom Pitch Pedals allow the performer to tune any Roto-Tom instantly over its full range. Operated like a pedal timpani, it leaves hands free to play and permits manual fine tuning at all times.

Newly designed Roto-Toms offer an extremely wide range from bongo to timpani. Simply rotate the drum to tune it. The new cast aluminum tension support frame gives rugged strength plus a free flow of sound. Stands not included.

Timpani Roto-Toms – Extended range for each Roto-Tom is a full octave or more. Stands not included.

CS Roto-Toms Furnished with transparent head and black sound center. Stands not included.

ROTO-TOMS		ROTO-TOM STANDS	
Model RR6T	6" dia.e <sup>1</sup> /c <sup>2</sup>	Model 102RT	holds single drum, 6" to 12" size, light weight

### PRACTICE PADS

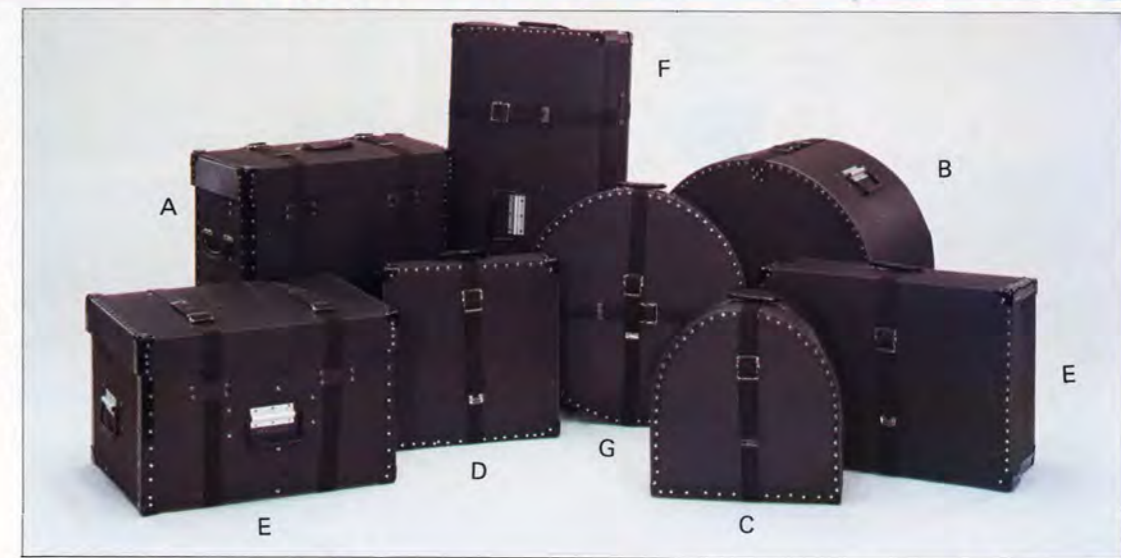

**Model RT6** 6" diameter  
**Model RT8** 8" diameter (illustrated with 101RT stand)  
**Model RT10** 10" diameter

# CASES AND COVERS

## GUARDIAN CASES

The newest, most revolutionary idea in drum cases. Practically indestructible, scuff and puncture resistant material looks like fibre and acts like steel. Combine this new "Formula 80" material with sturdy STEEL RAIL construction, 2" wide straps, heavy duty handles that defy pull out, and let our GUARDIAN cases protect your investment. Trap and stand case bottoms are reinforced with 3/4" 5-ply plywood with black urethane coating and 2-1/2" casters.

### A. Trap Cases

**GR 1460 Carry-All Trap Case**  
 Holds up to 22" cymbals in separate side compartment with snare drum and pedal compartments under tray. Dimensions: 22 1/2" x 22 1/2" x 11" wide. Tray is 22" x 8 1/2" x 7" deep.  
**GR 1460W** (As above with wheels)  
**GR 1480W** (King size Trap Case)  
 Extra wide and extra long. Holds up to 24" cymbals in large side compartment with oversized tray to hold heavy duty stands. Large compartments for deeper snare drums, pedals, and extra gear. Dimensions: 24 3/4" x 24 3/4" x 14" wide. Tray is 24" x 10" x 7" deep.

### B. Bass Drum Cases

**GR 1418** 14" x 18"  
**GR 1420** 14" x 20"  
**GR 1422** 14" x 22"  
**GR 1424** 14" x 24"  
**GR 1426** 14" x 26"  
**GR 1622** 16" x 22"  
**GR 1624** 16" x 24"  
**GR 1626** 16" x 26"

### C. Tom Tom Cases

**GR 0808** 8" x 8"  
**GR 0810** 8" x 10"  
**GR 0812** 8" x 12"  
**GR 0913** 9" x 13"  
**GR 1014** 10" x 14"  
**GR 1215** 12" x 15"  
**GR 1414** 14" x 14"  
**GR 1616** 16" x 16"  
**GR 1618** 16" x 18"

### Combination Tom Tom Cases

**GR 1460C** 8" x 8" / 8" x 10"  
**GR 1214C** 8" x 12" / 14" x 14"  
**GR 1316C\*** 9" x 13" / 16" x 16"  
**GR 1213C** 8" x 12" / 9" x 13"  
**GR 1314C** 9" x 13" / 10" x 14"  
**GR 1415C** 10" x 14" / 12" x 15"  
**GR 1516C** 12" x 15" / 14" x 16"  
 \*Also holds 8 nested concert toms

### Congas/Barrel Throne Cases

**GR 3015** Quinto 30" High, 15" dia.  
**GR 3016** Conga 30" High, 16 1/2" dia.  
**GR 3017** Tumba 30" High, 17 1/2" dia.  
**GR 2513** Throne 25" High, 13 1/2" dia.

### D. Snare Drum Cases

**GR 0514** 5 1/2" x 14"  
**GR 0614** 6 1/2" x 14"

### E. Snare Drum Accessory/Vari-Pitch Cases

**GR 1465** Snare Drum / Accessory case.  
 Holds up to a 10" x 14" snare drum plus gadgets. Also accommodates Vari-Pitch snare drum models VPS 514 or VPS 614. Dimensions: 23" x 16 3/4" x 10" deep. Removable tray: 22 1/2" x 15" x 2 1/4" deep.

**GR 1012C** Vari-Pitch Cannons - Hi Set  
 Holds the VPC10 & VPC 12 Cannons with a compartment for the stand and other accessories. Dimensions: 23" x 18" x 15" deep.  
**GR 1416C** Vari-Pitch Cannons - Low Set  
 As above for VPC 14 & VPC 16. Dimensions 31" x 22" x 15" deep.

### F. Giant Stand Case

**GR 1475W** Heavy Duty Stand Case  
 Holds today's longer boom stands and many other stands with a minimum of tear down. Two fixed wheels, handle and caster end also reinforced with 3/4" 5-ply plywood. Dimensions: 37" x 16 3/4" x 11 3/4" deep.

### G. Cymbal Case

**GR 1490** Cymbal Caddy  
 Carry up to 10 cymbals to 22" diameter securely locked on a steel center peg. Dimensions: 22 1/2" dia., 3 1/4" deep.

## COVERS

Pearl's jet black covers are made with plyhide, a thick man-made material that's water-repellent, and almost impossible to tear. The brass zippers are extra strong and the plyhide's attractive leather grain resists wrinkles. Balanced riveted handles on all cases are designed to distribute the weight of the drum from the center of the cover.

### Bass Drum Covers

**1418CV** 14" x 18"      **1422CV** 14" x 22"  
**1420CV** 14" x 20"      **1424CV** 14" x 24"

### Snare Drum Covers

**514CV** 5" x 14"      **614CV** 6 1/2" x 14"

### Tom Tom Covers

**812CV** 8" x 12"      **1414CV** 14" x 14"  
**913CV** 9" x 13"      **1616CV** 16" x 16"  
**1014CV** 10" x 14"      **1618CV** 16" x 18"

### 3522 CYMBAL POUCH

This convenient carrying pouch for cymbals is made of Naughahyde and has a sturdy zipper. Bottom double-reinforced to prevent cymbals from cutting through material. Features inside pocket for extra equipment. Holds cymbals up to 22" in diameter.

### 1650 STICK BAG

Naughahyde stick and mallet bag attaches to tom tom or mallet instrument while playing to keep your gear handy. Features extra sturdy elastic straps, strong zipper and extra gadget pockets inside and out.

**How to Order Covers & Cases** – Covers and cases are made with allowance for lugs, rods and counter hoops. Measure across head inside of hoop. Measure shell height from one head surface. Always give shell size only.

# CLINICIANS-PUBLICATIONS SALES AIDS

## Pearl Clinicians

Pearl is very active in the percussion clinic field and offers a unique approach to educational clinics and fund raising concerts through the widely diversified talents of those fine players using Pearl drums. Each clinician is an acknowledged leader in his field and offers a fresh, contemporary approach to make each clinic a memorable and meaningful presentation. Choose the artist that specializes in your particular needs and let us help you put your clinic together. Complete details on Pearl Clinicians are available to educational organizations, institutions and authorized Pearl dealers. Send for your copy of "Pearl Clinicians" today.
